**NOTES TO CONDENSED INTERIM FINANCIAL STATEMENTS (Unaudited)**

---

**1. DESCRIPTION OF BUSINESS**

Lower Churchill Management Corporation (LCMC or the Company), was incorporated on November 13, 2013 under the laws of Newfoundland and Labrador to carry out the project development and management functions for Phase 1 of the Lower Churchill Project including planning, engineering and design management, construction management, risk management, finance, procurement and supply chain management for Muskrat Falls Corporation (Muskrat Falls), Labrador Transmission Corporation (Labrador Transco) and the Labrador-Island Link Limited Partnership (LIL LP).

LCMC is a 100% owned subsidiary of Nalcor Energy (Nalcor).

In addition, LCMC acts as the administrator on behalf of the Trustee for the Muskrat Falls/Labrador Transmission Assets Funding Trust (MF/LTA Funding Trust), the Labrador-Island Link Funding Trust (LIL Funding Trust) and the LIL Construction Project Trust (IT) (collectively the Trusts) as part of the project financing arrangements of the \$5 billion in debt, guaranteed by the Government of Canada. In this capacity LCMC provides management and administrative services as required by the Trusts.

**2. SIGNIFICANT ACCOUNTING POLICIES**

**Statement of Compliance and Basis of Measurement**

These condensed interim financial statements have been prepared in accordance with International Accounting Standard (IAS) 34 Interim Financial Reporting and have been prepared using accounting policies consistent with those used in the preparation of the annual audited financial statements for the year ended December 31, 2014.

These condensed interim financial statements do not include all of the disclosures normally found in LCMC's annual audited financial statements and should be read in conjunction with the annual audited financial statements.

These condensed interim financial statements have been prepared on a historical cost basis and are presented in Canadian dollars with all values rounded to the nearest thousand, except when otherwise noted.

**3. NET FINANCE (INCOME) EXPENSE**

<b>Net finance (income) expense</b>	<b>2</b>	<b>38</b>	<b>8</b>	<b>67</b>

**4. FINANCIAL INSTRUMENTS**

**Fair Value**

The estimated fair values of financial instruments as at June 30, 2015 and December 31, 2014 are based on relevant market prices and information available at the time. Fair value estimates are based on valuation techniques which are significantly affected by the assumptions used including the amount and timing of future cash flows and discount rates reflecting various degrees of risk. As such, the fair value estimates below are not necessarily indicative of the amounts that LCMC might receive or incur in actual market transactions.

As a significant number of LCMC's assets and liabilities do not meet the definition of a financial instrument, the fair value estimates below do not reflect the fair value of LCMC as a whole.

**LOWER CHURCHILL MANAGEMENT CORPORATION**  
**NOTES TO CONDENSED INTERIM FINANCIAL STATEMENTS (Unaudited)**

Establishing Fair Value

Financial instruments recorded at fair value are classified using a fair value hierarchy that reflects the nature of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1 - valuation based on quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - valuation techniques based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - valuation techniques using inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The fair value hierarchy requires the use of observable market inputs whenever such inputs exist. A financial instrument is classified to the lowest level of the hierarchy for which a significant input has been considered in measuring fair value. For assets and liabilities that are recognized at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by reassessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. There were no transfers between Level 1, 2 and 3 fair value measurement during the period ended June 30, 2015 and the year ended December 31, 2014.

As at June 30, 2015 and December 31, 2014, the Company did not have any level 2 or 3 financial instruments.

	Level	Carrying Value	Fair Value	Carrying Value	Fair Value
		June 30, 2015		December 31, 2014	
<i>(thousands of Canadian dollars)</i>					
Financial assets					
Cash and cash equivalents	1	2,493	2,493	3,219	3,219
Trade and other receivables	1	19,900	19,900	22,061	22,061
Financial liabilities					
Trade and other payables	1	21,944	21,944	27,290	27,290

The fair value of cash and cash equivalents, trade and other receivables and trade and other payables approximate their carrying values due to their short-term maturity.

**5. RELATED PARTY TRANSACTIONS**

LCMC enters into various transactions with its parent and other affiliates. These transactions occur within the normal course of operations and are measured at the exchange amount, which is the amount of consideration agreed to by the related parties. Related parties with which LCMC transacts are as follows:
