Labrador-Island Link Holding Corporation (LIL Holdco or the Company) was incorporated under the laws of the Province of Newfoundland and Labrador on July 31, 2012 and is a limited partner in the Labrador-Island Link Limited Partnership (the Partnership or LIL LP). LIL Holdco's head office is located in St. John's, Newfoundland and Labrador.

Emera Newfoundland and Labrador Island-Link Inc. (Emera NL) is the remaining limited partner of the Partnership, and when combined with Nalcor's interests, represents 100% of the Partnership. The Partnership is expected to terminate on December 31, 2081, unless terminated earlier or extended in accordance with the Labrador-Island Link Limited Partnership Agreement (the Partnership Agreement or LIL LPA).

The Partnership was formed to carry on the business of designing, engineering, constructing, commissioning, owning, financing, operating and maintaining the assets and property constituting the Labrador-Island Link (LIL). The Partnership has entered into the LIL Assets Agreement, the LIL Lease Agreement and the Transmission Funding Agreement with Labrador-Island Link Operating Corporation (LIL Opco) and Newfoundland and Labrador Hydro (Hydro) both of which are wholly-owned subsidiaries of Nalcor. These agreements effectively provide for a lease of the transmission rights on the LIL to Hydro. LIL Opco will maintain and operate the LIL on behalf of the Partnership.

11. FINANCIAL INSTRUMENTS

Fair Value

The estimated fair values of financial instruments as at June 30, 2015 and December 31, 2014 are based on relevant market prices and information available at the time. Fair value estimates are based on valuation techniques which are significantly affected by the assumptions used including the amount and timing of future cash flows and discount rates reflecting various degrees of risk. As such, the fair value estimates below are not necessarily indicative of the amounts that LIL Holdco might receive or incur in actual market transactions.

As a significant number of LIL Holdco's assets and liabilities do not meet the definition of a financial instrument, the fair value estimates below do not reflect the fair value of LIL Holdco as a whole.

Establishing Fair Value

Financial instruments recorded at fair value are classified using a fair value hierarchy that reflects the nature of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1 - valuation based on quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - valuation techniques based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - valuation techniques using inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The fair value hierarchy requires the use of observable market inputs whenever such inputs exist. A financial instrument is classified to the lowest level of the hierarchy for which a significant input has been considered in measuring fair value. For assets and liabilities that are recognized at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by reassessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. There were no transfers between Level 1, 2 and 3 fair value measurement during the period ended June 30, 2015 and the year ended December 31, 2014.

	Level	Carrying Value June 30, 2015	Fair Value	Carrying Value December 31, 2014	Fair Value

Investments	2	1,128,589	1,133,403	1,622,761	1,623,626
