NALCOR ENERGY

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (Unaudited)

1. DESCRIPTION OF BUSINESS

Nalcor Energy (Nalcor or the Company) is incorporated under a special act of the Legislature of the Province of Newfoundland and Labrador (the Province) as a Crown corporation and its business includes the development, generation and sale of electricity, oil and gas, industrial fabrication and energy marketing. Nalcor's head office is located in St. John's, Newfoundland and Labrador.

1.1 Subsidiaries

Nalcor holds interests in the following subsidiaries:

A 100.0% interest in Newfoundland and Labrador Hydro (Hydro), whose principal activity is the generation, transmission and sale of electricity. Hydro's operations include both regulated and non-regulated activities.

A 100.0% interest in Nalcor Energy – Oil and Gas Inc. (Oil and Gas), a company with a broad mandate to engage in upstream and downstream sectors of the oil and gas industry including exploration, development, production, transportation and processing.

A 100.0% interest in Nalcor Energy – Bull Arm Fabrication Inc. (Bull Arm Fabrication), an industrial fabrication site with a fully integrated infrastructure to support large-scale fabrication and assembly. Its facilities include onshore fabrication halls and shops, a dry-dock and a deep water site.

A 100.0% interest in Muskrat Falls Corporation (Muskrat Falls), created to develop, construct, finance and operate the Muskrat Falls plant, an 824 megawatt (MW) hydroelectric generating facility in Labrador.

A 100.0% interest in Labrador Transmission Corporation (Labrador Transco), created to develop, construct, finance and operate transmission assets connecting the Muskrat Falls plant to the existing hydroelectric generating facility in Churchill Falls.

A limited partnership interest in the Labrador-Island Link Limited Partnership (LIL LP), created to develop, construct, finance and operate the assets and property constituting the Labrador-Island Link (LIL), a transmission link to be constructed between the Muskrat Falls plant and the Newfoundland and Labrador Island Interconnected System. Labrador-Island Link Holding Corporation (LIL Holdco) holds 100.0% of the Class A limited partnership units.

A 100.0% interest in Labrador-Island Link General Partner Corporation (LIL GP) and LIL Holdco, created to control, manage and hold Nalcor's 65.0% interest in the LIL LP.

A 100.0% interest in Labrador-Island Link Operating Corporation (LIL Opco), created to operate and maintain the LIL.

A 100.0% interest in Lower Churchill Management Corporation (LCMC), created to carry out the project development and management functions for Phase 1 of the Lower Churchill Project including planning, engineering and design management, construction management, risk management, finance, procurement and supply chain management.

A 100.0% interest in Nalcor Energy Marketing Corporation (Energy Marketing), a subsidiary established to market Nalcor's energy throughout North America.

Nalcor also holds a 100.0% interest in Gull Island Power Corporation (GIPCo) and a 51.0% interest in Lower Churchill Development Corporation (LCDC), both inactive.

NALCOR ENERGY

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (Unaudited)

1.2 Investment in Joint Arrangement

Nalcor holds a 65.8% beneficial interest (through Hydro) in Churchill Falls (Labrador) Corporation Limited (Churchill Falls), a joint operation that owns and operates a hydroelectric generating plant and related transmission facilities situated in Labrador with a rated capacity of 5,428 MW.

Nalcor holds a 33.33% beneficial interest (through Churchill Falls) in Twin Falls Power Corporation (Twin Falls), a 225 MW hydroelectric generating plant on the Unknown River in Labrador. The plant has been inoperative since 1974.

1.3 Variable Interest Entities

Nalcor consolidates the results of variable interest entities (VIEs) in which it holds a financial interest and is the primary beneficiary. Nalcor has determined that it is the primary beneficiary of the LIL Construction Project Trust (Project Trust) and as a result has included the financial statements of the Project Trust in these condensed consolidated interim financial statements. Nalcor has determined that it is not the primary beneficiary of the Muskrat Falls/Labrador Transmission Assets (MF/LTA) Funding Trust or the Labrador-Island Link (LIL) Funding Trust and therefore the operations of these trusts are not reflected in these financial statements.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Statement of Compliance and Basis of Measurement

These condensed consolidated interim financial statements have been prepared in accordance with International Accounting Standard (IAS) 34 Interim Financial Reporting and have been prepared using accounting policies consistent with those used in the preparation of the annual audited consolidated financial statements for the year ended December 31, 2014.

These condensed consolidated interim financial statements do not include all of the disclosures normally found in Nalcor's annual audited consolidated financial statements and should be read in conjunction with the annual audited consolidated financial statements. Interim results will fluctuate due to the seasonal nature of electricity demand and water flows, as well as timing and recognition of regulatory items. Due to higher electricity demand during the winter months, revenue from electricity sales is higher during the first and fourth quarters.

These condensed consolidated interim financial statements have been prepared on a historical cost basis, except for financial instruments 'at fair value through profit or loss' (FVTPL) and 'available-for-sale' (AFS) financial assets which have been measured at fair value. The condensed consolidated interim financial statements are presented in Canadian dollars and all values rounded to the nearest million, except when otherwise noted. The financial statements were approved by the Board of Directors of Nalcor on August 11, 2015.

2.2 Basis of Consolidation

The condensed consolidated interim financial statements include the financial statements of Nalcor, its subsidiary companies and its share of investments in joint arrangements. In addition, the financial statements of all VIEs for which Nalcor has been determined the primary beneficiary are included in these condensed consolidated interim financial statements. Intercompany transactions and balances have been eliminated upon consolidation.

Effective June 18, 1999, Hydro, Churchill Falls, and Hydro-Québec entered into the Shareholders' Agreement which provided, among other matters, that certain of the strategic operating, financing and investing policies of Churchill Falls be subject to approval jointly by representatives of Hydro and Hydro-Québec on the Board of Directors of Churchill Falls.

NALCOR ENERGY

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (Unaudited)

Although Hydro holds a 65.8% ownership interest, the agreement changed the nature of the relationship between Hydro and Hydro-Québec, with respect to Churchill Falls, from that of majority and minority shareholders, respectively, to that of a joint operation. Accordingly, Hydro has recognized its share of assets, liabilities and profit or loss in relation to its interest in Churchill Falls subsequent to the effective date of the Shareholders' Agreement.

Churchill Falls holds 33.33% of the equity share capital of Twin Falls. The investment is accounted for using the equity method.

Substantially all of Oil and Gas' activities are conducted jointly with others and accordingly these condensed consolidated interim financial statements reflect only Nalcor's proportionate interest in such activities.

Earnings		19.3	61.4
Long-term investments, end of period		1,898.0	2,871.4
Less: payments to be received within one year	(a)	(1,423.3)	(1,755.6)
		474.7	1,115.8

(a) The payments to be received within one year have been reclassified to short-term investments, including for comparative periods.

8. DEBT

8.1 Short-term Borrowings

Nalcor maintains a \$250.0 million CAD or USD equivalent committed revolving term credit facility with its banker. During the quarter, the maturity date of this facility was extended to January 31, 2017. There were no amounts drawn on this facility as at June 30, 2015 (2014 - \$nil). Borrowings in CAD may take the form of Prime Rate Advances, Bankers' Acceptances (BAs) and letters of credit. Borrowings in USD may take the form of Base Rate Advances, London Interbank Offer Rate (LIBOR) Advances and letters of credit. The facility also provides coverage for overdrafts on Nalcor's bank accounts, with interest calculated at the Prime Rate. Nalcor has issued nine irrevocable letters of credit, with a total value of \$11.1 million. Three of these letters, totaling \$4.8 million, are in favour of Oil and Gas to ensure compliance with regulations relating to petroleum and natural gas exploration and production activities. Another five letters, totaling \$6.3 million, are in favour of Energy Marketing and relate to collateral requirements in the Quebec, Ontario, New York and New England electricity markets. On May 19, 2015, Nalcor issued a \$0.2 million USD letter of credit to Green Mountain Power Corporation relating to collateral required for transmission customers.

Hydro maintains a \$50.0 million CAD or USD equivalent unsecured demand operating credit facility with its banker and as at June 30, 2015, there were no amounts drawn on this facility (2014 - \$nil). Borrowings in CAD may take the form of Prime Rate Advance, BAs, and letters of credit, with interest calculated at the Prime Rate or prevailing Government BA fee. Borrowings in USD may take the form or Base Rate Advances, LIBOR Advances and letters of

NALCOR ENERGY

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (Unaudited)

credit. The facility also provides coverage for overdrafts on Hydro's bank accounts, with interest calculated at the Prime Rate. Hydro has issued one irrevocable letter of credit, for \$0.3 million, as a performance guarantee in relation to the Department of Fisheries and Oceans Fish Habitat Compensation Program.

Promissory notes outstanding in Hydro as at June 30, 2015 were \$28.0 million (2014 - \$53.0 million).

Churchill Falls maintains a \$10.0 million CAD or USD equivalent unsecured demand operating credit facility with its banker and as at June 30, 2015, there were no amounts drawn on this facility (2014 - \$nil). Borrowings in CAD may take the form of Prime Rate Advances, BAs, or letters of credit, with interest calculated at the Prime Rate or prevailing Government BA fee. Borrowings in USD may take the form of Base Rate Advances. The facility also provides coverage for overdrafts on Churchill Falls bank accounts, with interest calculated at the Prime Rate. Churchill Falls has issued three irrevocable letters of credit, totaling \$2.0 million, to ensure satisfactory management of its waste management and compliance with a certificate of approval for the transportation of special hazardous wastes granted by the Department of Environment and Conservation.

Oil and Gas maintains a \$5.0 million USD or CAD equivalent unsecured credit facility with its banker and as at June 30, 2015, there were no amounts drawn on this facility (2014 - \$nil). Borrowings in CAD may take the form of Prime Rate Advances and letters of credit. Borrowings in USD may take the form of Base Rate Advances and letters of credit.

Energy Marketing maintains a \$20.0 million CAD or USD equivalent demand operating credit facility with its banker, which was made available during the quarter. This facility has an unconditional and irrevocable guarantee from Nalcor. As at June 30, 2015, there were no amounts drawn on this facility (2014 - \$nil). Borrowings in CAD may take the form of Prime Rate Advances, BAs and letters of credit. Borrowings in USD may take the form of Base Rate Advances, LIBOR Advances and letters of credit.

NALCOR ENERGY

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (Unaudited)

Hydro's promissory notes and debentures are unsecured and unconditionally guaranteed as to principal and interest and, where applicable, sinking fund payments, by the Province. The Province charges Hydro a guarantee fee of 25 basis points annually on the total debt (net of sinking funds) with a remaining term to maturity less than 10 years and 50 basis points annually on total debt (net of sinking funds) with a remaining term to maturity greater than 10 years. The fee for the period ended June 30, 2015 was \$2.3 million (2014 - \$1.8 million).

On September 15, 2014, Hydro raised new long-term debt through the sale of \$200.0 million of Series AF debentures to its underwriting syndicate. The debentures mature on December 31, 2045 with a coupon of 3.6% paid semi-annually.

On November 29, 2013, the Project Trust entered into the IT Project Finance Agreement (IT PFA) with the Labrador-Island Link Funding Trust (LIL Funding Trust). Under the terms and conditions of the IT PFA, the LIL Funding Trust agreed to provide a non-revolving credit facility in the amount of \$2.4 billion available in three tranches (Tranches A, B and C) to the Project Trust which proceeds to on-lend the funds to LIL LP under the terms of the LIL Project Financial Agreement (LIL PFA). The purpose of the LIL Funding Trust is to issue long-term debentures to the public, which debt is guaranteed by the Government of Canada and to on-lend the proceeds to the Project Trust. The proceeds of the facility are to be used exclusively for the construction of the LIL.

On December 13, 2013, all three tranches of the LIL construction facility were drawn down by way of a single advance to the Project Trust of \$2.4 billion. Under the terms of the IT PFA, the \$2.4 billion advance is held in an account administered by a Collateral Agent with a portion of the funds invested in structured deposits notes. The LIL LP draws funds from this account on a monthly basis in accordance with procedures set out in the IT PFA.

The role of the collateral agent is to act on behalf of the lending parties, including the LIL Funding Trust and the Government of Canada. The Collateral Agent oversees the lending and security arrangements, the various project accounts and the compliance with covenants.

As security for these debt obligations, LIL LP has granted to the collateral agent first ranking liens on all present and future assets. On the date of the release of the final funding request from the Collateral Agent, sinking funds are required to be set up for each of the three tranches to be held in a sinking fund account administered by the Collateral Agent.

On November 29, 2013, Muskrat Falls and Labrador Transco entered into the MF/LTA Project Finance Agreement (MF/LTA PFA) with the Muskrat Falls/Labrador Transmission Assets Funding Trust (MF/LTA Funding Trust) and Labrador Transco. Under the terms and conditions of the MF/LTA PFA, the MF/LTA Funding Trust agreed to provide a non-revolving credit facility in the amount of \$2.6 billion available in three tranches (Tranches A, B and C). The purpose of the MF/LTA Funding Trust is to issue long-term debentures to the public, which debt is guaranteed by the Government of Canada and to on-lend the proceeds to Muskrat Falls and Labrador Transco. Muskrat Falls and Labrador Transco are both jointly and severally liable for the full amount of the credit facility.

On December 13, 2013, all three tranches of the MF/LTA construction facility were drawn down by way of a single advance of \$2.6 billion. Under the terms of the MF/LTA PFA, the \$2.6 billion advance is held in an account administered by the Collateral Agent with a portion of the funds invested in structured deposits notes. Muskrat Falls and Labrador Transco draw funds from this account on a monthly basis in accordance with procedures set out in the PFA.

As security for these debt obligations, Muskrat Falls and Labrador Transco have granted to the Collateral Agent first ranking liens on all present and future assets. On the date of the release of the final funding requests from the Collateral Agent, sinking funds are required to be set up for each of the three tranches to be held in an account administered by the Collateral Agent.

NALCOR ENERGY

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (Unaudited)

Required repayments of long-term debt over the next five years will be as follows:

<i>(millions of Canadian dollars)</i>	2016	2017	2018	2019	2020
Long-term debt repayment	225.0	150.0	-	-	-

9. CLASS B LIMITED PARTNERSHIP UNITS

The Class B limited partnership units issued represent Emera Incorporated's (Emera) interest in LIL LP. The Class B limited partnership units have certain rights and obligations, including mandatory distributions, that result in the classification of these units as financial liabilities. The partnership units are measured at amortized cost using the effective interest method. The return on the units is classified as net finance income and expense and capitalized as non-cash additions to property, plant and equipment.

The components of the change in balances in the Class B limited partnership units are as follows:

<i>(millions of Canadian dollars)</i>	Units	June 30 2015	Units	December 31 2014
Class B limited partnership units, beginning of period	25	79.4	25	73.0
Contributions	-	7.8	-	-
Accrued interest	-	3.4	-	6.4
Class B limited partnership units, end of period	25	90.6	25	79.4

10. DEFERRED CREDITS

Deferred credits consist of Hydro and Oil and Gas funding from the Province, deferred energy sales to Emera and deferred lease revenue.

<i>(millions of Canadian dollars)</i>	Hydro Wind Credits	Oil and Gas Program Funding	Deferred Energy Sales	Other	Total
Balance, beginning of period	0.7	4.3	330.0	1.5	336.5
Additions	0.1	2.3	193.7	5.1	201.2
Amortization	-	(0.6)	-	-	(0.6)
Deferred credits, end of period	0.8	6.0	523.7	6.6	537.1
Less: current portion	(0.8)	(3.6)	-	(1.7)	(6.1)
	-	2.4	523.7	4.9	531.0

Hydro has received funding from the Province for wind feasibility studies in Labrador. Oil and Gas has received funding from the Province for oil and gas exploration initiatives. Funding related to studies and programs is amortized to income directly against the related expenditures as the costs are incurred.

Nalcor has recorded deferred energy sales of \$523.7 million (2014 - \$330.0 million) which equals the construction costs to date incurred by Emera. Nalcor has determined that it controls the Maritime Link asset for financial reporting purposes, and as such, has recorded the costs as a component of property, plant and equipment under construction.

NALCOR ENERGY

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (Unaudited)

11. DEFERRED CONTRIBUTIONS

Nalcor has received contributions in aid of construction of property, plant and equipment. These contributions are deferred and amortized to other revenue over the life of the related item of property, plant and equipment.

	June 30	December 31
	2015	2014
<i>(millions of Canadian dollars)</i>		
Deferred contributions, beginning of period	15.8	11.3
Additions	0.5	5.2
Adjustments	(3.6)	-
Amortization	(0.4)	(0.7)
Deferred contributions, end of period	12.3	15.8
Less: current portion	(0.8)	(0.8)
	11.5	15.0

12. DECOMMISSIONING LIABILITIES

Nalcor has recognized liabilities associated with the retirement of portions of the Holyrood Thermal Generating Station, disposal of Polychlorinated Biphenyls (PCB) and decommissioning liabilities resulting from its net ownership interests in petroleum and natural gas properties and related well sites.

The reconciliation of the beginning and ending carrying amounts of decommissioning liabilities as at June 30, 2015 and December 31, 2014 are as follows:

	June 30	December 31
	2015	2014
<i>(millions of Canadian dollars)</i>		
Decommissioning liabilities, beginning of period	43.2	33.9
Liabilities incurred	-	5.9
Accretion	0.7	1.3
Revisions	-	2.1
Decommissioning liabilities, end of period	43.9	43.2
Less: current portion	(0.2)	(1.1)
	43.7	42.1

13. EMPLOYEE FUTURE BENEFITS

13.1 Pension Plan

Employees participate in the Province's Public Service Pension Plan, a multi-employer defined benefit plan. The employer's contributions for the period ended June 30, 2015 of \$5.2 million (2014 - \$3.3 million) are expensed as incurred.

13.2 Other Benefits

Nalcor provides group life insurance and health care benefits on a cost shared basis to retired employees, and in certain cases, their surviving spouses, in addition to a severance payment upon retirement. In 2015, cash payments to beneficiaries for its unfunded other employee future benefits were \$1.5 million (2014 - \$1.6 million). An actuarial valuation was performed as at December 31, 2012, with an extrapolation to December 31, 2015. The next actuarial valuation will be performed at December 31, 2015.

18. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

18.1 Fair Value

The estimated fair values of financial instruments as at June 30, 2015 and December 31, 2014 are based on relevant market prices and information available at the time. Fair value estimates are based on valuation techniques which are significantly affected by the assumptions used including the amount and timing of future cash flows and discount rates reflecting various degrees of risk. As such, the fair value estimates below are not necessarily indicative of the amounts that Nalcor might receive or incur in actual market transactions.

As a significant number of Nalcor's assets and liabilities do not meet the definition of a financial instrument, the fair value estimates below do not reflect the fair value of Nalcor as a whole.

Establishing Fair Value

Financial instruments recorded at fair value are classified using a fair value hierarchy that reflects the nature of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1 - valuation based on quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - valuation techniques based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

NALCOR ENERGY

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (Unaudited)

Level 3 - valuation techniques using inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The fair value hierarchy requires the use of observable market inputs whenever such inputs exist. A financial instrument is classified to the lowest level of the hierarchy for which a significant input has been considered in measuring fair value. For assets and liabilities that are recognized at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by reassessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. There were no transfers between Level 1, 2 and 3 fair value measurement for the period ended June 30, 2015 and the year ended December 31, 2014.

	Level	Carrying Value	Fair Value	Carrying Value	Fair Value
		June 30, 2015		December 31, 2014	
<i>(millions of Canadian dollars)</i>					
Financial assets					
Cash and cash equivalents	1	92.8	92.8	60.8	60.8
Restricted cash	1	1,455.6	1,455.6	1,130.6	1,130.6
Short-term investments	1	1,479.5	1,479.5	1,790.0	1,790.0
Trade and other receivables	1	217.3	217.3	249.2	249.2
Derivative assets	2, 3	10.1	10.1	11.8	11.8
Sinking funds - investments in same Hydro issue	2	50.0	64.7	47.9	62.3
Sinking funds - other investments	2	279.8	279.8	268.6	268.6
Long-term investments	2	474.7	474.7	1,115.8	1,115.8
Reserve fund	2	34.4	34.4	34.2	34.2
Long-term receivables	2	2.0	2.2	37.2	37.2
Financial liabilities					
Short-term borrowings	1	28.0	28.0	53.0	53.0
Trade and other payables	1	780.6	780.6	672.1	672.1
Derivative liabilities	2	4.0	4.0	1.6	1.6
Long-term debt including amount due within one year (before sinking funds)	2	6,247.0	7,652.0	6,248.9	7,626.7
Class B limited partnership units	3	90.6	90.6	79.4	79.4
Long-term payables	2	65.7	83.6	74.0	86.3

The fair value of cash and cash equivalents, restricted cash, short-term investments, trade and other receivables, short-term borrowings and trade and other payables approximates their carrying values due to their short-term maturity.

18.2 Risk Management

Nalcor is exposed to certain credit, liquidity and market price risks through its operating, financing and investing activities. Financial risk is managed in accordance with a Board approved policy, which outlines the objectives and strategies for the management of financial risk, including the use of derivative contracts. Permitted financial risk management strategies are aimed at minimizing the volatility of Nalcor's expected future cash flows.

NALCOR ENERGY

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (Unaudited)

Market Risk

Foreign Currency and Commodity Exposure

On June 24, 2015, Oil and Gas entered into a series of four commodity price swaps with a notional value of \$4.4 million USD to mitigate commodity price exposure. These contracts provide Oil and Gas with an average fixed price of \$67.23 USD per barrel on 65,500 barrels of production for the second quarter of 2016. Combined with those already in place, Oil and Gas has seven contracts that provide an average fixed price of \$63.37 USD per barrel on 133,500 barrels of production for the first and second quarters of 2016. Oil and Gas has ten remaining contracts in place for 2015 production, with an average fixed price of \$87.14 USD per barrel on 131,793 barrels of production. As the contracts have been designated as hedged instruments, changes in fair value have been recorded in other comprehensive income.

19. RELATED PARTY TRANSACTIONS

Nalcor enters into various transactions with its shareholder and other affiliates. These transactions occur within the normal course of operations and are measured at the exchange amount, which is the amount of consideration agreed to by the related parties. Related parties with which Nalcor transacts are as follows:

<u>Related Party</u>	<u>Relationship</u>
The Province	100.0% shareholder of Nalcor Energy
Churchill Falls	Joint arrangement of Hydro
Twin Falls	Joint venture of Churchill Falls
The Churchill Falls (Labrador) Corporation Trust	Created by the Province with Churchill Falls as the beneficiary
LIL LP	Partnership in which Nalcor holds 75 Class A Partnership Units
Board of Commissioners of Public Utilities (PUB)	Agency of the Province

Routine operating transactions with related parties are settled at prevailing market prices under normal trade terms.

20. COMMITMENTS AND CONTINGENCIES

Nalcor and its subsidiaries have received claims instituted by various companies and individuals with respect to power delivery claims and other miscellaneous matters. Although the outcome of such matters cannot be predicted with certainty, Management believes Nalcor's exposure to such claims and litigation, to the extent not covered by insurance or otherwise provided for, is not expected to materially affect its financial position.

Outstanding commitments for capital projects total approximately \$4,576.7 million as at June 30, 2015 (2014 - \$3,740.7 million). In addition, Oil and Gas has committed to fund its share of all exploration and development projects.

21. SUPPLEMENTARY CASH FLOW INFORMATION

<i>For the period ended June 30 (millions of Canadian dollars)</i>	Three months ended		Six months ended

NALCOR ENERGY

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (Unaudited)

22. SEGMENT INFORMATION

Nalcor operates in seven business segments. Hydro Regulated activities encompass sales of electricity to customers within the Province. Churchill Falls operates a hydroelectric generating facility which sells electricity to Hydro-Québec and Hydro. Oil and Gas activities include exploration, development, production, transportation and processing sectors of the oil and gas industry. Energy Marketing includes the sale of electricity to markets outside the Province and other non-regulated electricity sales. Bull Arm Fabrication consists of an industrial fabrication site which is leased for major construction of development projects. Phase 1 of the Lower Churchill Project includes investments in the Muskrat Falls hydroelectric plant, the Labrador-Island Link and the Labrador Transmission Assets. Corporate and other activities encompass development activities including Phase 2 of the Lower Churchill Project and corporate activities. The segments' accounting policies are the same as those described in Note 2 of the annual audited consolidated financial statements. The designation of segments has been based on a combination of regulatory status and management accountability.

23. SUBSEQUENT EVENT

In July 2015, Muskrat Falls, Labrador Transco, the MF/LTA Funding Trust and the Collateral Agent executed an amendment to the PFA. Under the amendment Muskrat Falls continues to be jointly and severally liable for the total credit facility, however Muskrat Falls' portion of the rateable share will be based on its cumulative portion of actual debt drawn versus the original 82%. As of June 2015, Muskrat Falls' cumulative portion of actual debt drawn was 75%.
