LABRADOR - ISLAND LINK LIMITED PARTNERSHIP
NOTES TO CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (Unaudited)

1. DESCRIPTION OF BUSINESS

Labrador-Island Link Limited Partnership (the Partnership or LIL LP) was formed on July 31, 2012 under the laws of the Province of Newfoundland and Labrador. The Partnership's head office is located at 500 Columbus Drive, St. John's, Newfoundland and Labrador, A1B 0C9, Canada.

The Partnership has two limited partners, Labrador-Island Link Holding Corporation (LIL Holdco), a wholly-owned subsidiary of Nalcor Energy (Nalcor), and Emera Newfoundland and Labrador Island Link Inc. (Emera NL). LIL Holdco holds 75 Class A partnership units and one Class C unit while Emera NL holds 25 Class B units. The Partnership is expected to terminate on December 31, 2081, unless terminated earlier or extended in accordance with the Labrador-Island Link Limited Partnership Agreement (the Partnership Agreement or LIL LPA).

The general partner of the Partnership is Labrador-Island Link General Partner Corporation (the General Partner or LIL GP), a wholly-owned subsidiary of Nalcor. Although the General Partner holds legal title to the assets, the Partnership is the beneficial owner and assumes all risks and rewards of the assets.

The Partnership was formed to carry on the business of designing, engineering, constructing, commissioning, owning, financing, operating and maintaining the assets and property constituting the Labrador-Island Link (LIL). LIL LP has entered into the LIL Lease and the Transmission Funding Agreement (TFA) with Labrador-Island Link Operating Corporation (LIL Opco) and Newfoundland and Labrador Hydro (Hydro), both of which are wholly-owned subsidiaries of Nalcor. These agreements effectively provide Hydro with transmission services over the LIL. LIL Opco will maintain and operate the LIL on behalf of the Partnership.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Statement of Compliance and Basis of Measurement

These condensed consolidated interim financial statements have been prepared in accordance with *International Accounting Standard 34 - Interim Financial Reporting* and have been prepared using accounting policies consistent with those used in the preparation of the annual audited consolidated financial statements for the year ended December 31, 2019.

These condensed consolidated interim financial statements do not include all of the disclosures normally found in LIL LP's annual audited consolidated financial statements and should be read in conjunction with the annual audited consolidated financial statements.

These condensed consolidated interim financial statements have been prepared on a historical cost basis and are presented in Canadian dollars with all values rounded to the nearest thousand, except when otherwise noted. The General Partner has delegated the authority to approve the condensed consolidated interim financial statements to the Audit Committee of the Board of Directors of Nalcor, which approved the condensed consolidated financial statements on November 13, 2020.

2.2 Basis of Consolidation

These condensed consolidated interim financial statements include the condensed financial statements of the Partnership and the LIL Construction Project Trust (Project Trust or the IT). Intercompany transactions and balances have been eliminated upon consolidation.

2.3 Inventories

Inventories are carried at the lower of cost and net realizable value. Cost is determined on a weighted average basis and includes expenditures incurred in acquiring inventories and bringing them to their existing condition and location. Net realizable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

NOTES TO CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (Unaudited)

3. SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the condensed consolidated interim financial statements in conformity with IFRS requires Management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, revenues and expenses. Significant accounting judgments, estimates and assumptions used in the preparation of the condensed consolidated interim financial statements are described in the Partnership's annual audited consolidated financial statements for the year ended December 31, 2019.

The World Health Organization declared the Coronavirus disease (COVID-19) outbreak a Public Health Emergency of International Concern on January 30, 2020 and a pandemic on March 11, 2020. In order to mitigate the spread of COVID-19 there have been global restrictions on travel, quarantines, self-isolation, social and physical distancing and forced closure of certain types of public places and non-essential businesses. These actions have caused lost time and a reduced workforce which has and continues to impact construction cost and schedule.

COVID-19 is an evolving situation that may have widespread implications for the Partnership environment, operations and financial results. Management cannot reasonably estimate the duration and magnitude of the COVID-19 impact on the economy and future effect on the Partnership at this time.

Capitalized Borrowing Costs

The construction of the LIL is being financed, in part, through the issuance of long-term debt. For the period ended September 30, 2020, \$92.7 million (December 31, 2019 - \$119.4 million) of borrowing costs were capitalized. The Partnership also capitalized borrowing costs associated with the Class A units and the Class B units of \$74.2 million (December 31, 2019 - \$91.7 million) as non-cash additions to property, plant and equipment.

11. FINANCIAL INSTRUMENTS

Fair Value

The estimated fair values of financial instruments as at September 30, 2020 and December 31, 2019 are based on relevant market prices and information available at the time. Fair value estimates are based on valuation techniques which are significantly affected by the assumptions used including the amount and timing of future cash flows and discount rates reflecting various degrees of risk. As such, the fair value estimates disclosed are not necessarily indicative of the amounts that LIL LP might receive or incur in actual market transactions.

As a significant number of LIL LP's assets and liabilities do not meet the definition of a financial instrument, the fair value estimates disclosed do not reflect the fair value of LIL LP as a whole.

Establishing Fair Value

Financial instruments recorded at fair value are classified using a fair value hierarchy that reflects the nature of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1 - valuation based on quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - valuation techniques based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - valuation techniques using inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The fair value hierarchy requires the use of observable market inputs whenever such inputs exist. A financial instrument is classified to the lowest level of the hierarchy for which a significant input has been considered in measuring fair value. For assets and liabilities that are recognized at fair value on a recurring basis, the Partnership determines whether transfers have occurred between levels in the hierarchy by reassessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. There were no transfers between Level 1, 2 and 3 fair value measurements during the period ended September 30, 2020 and the year ended December 31, 2019.

	Level	Carrying Value	Fair Value	Carrying Value	Fair Value
<i>As at (thousands of Canadian dollars)</i>		September 30, 2020		December 31, 2019	
Financial liabilities					
Long-term debt including amount due within one year	2	3,451,697	4,600,228	3,451,753	4,178,940
Class A limited partnership units	3	647,471	647,471	591,083	591,083
Class B limited partnership units	3	614,895	614,895	578,368	578,368

The fair values of cash, restricted cash, trade and other receivables, advances and trade and other payables approximate their carrying values due to their short-term maturity.

LABRADOR - ISLAND LINK LIMITED PARTNERSHIP
NOTES TO CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (Unaudited)

The fair values of Level 2 financial instruments are determined using quoted prices in active markets, which in some cases are adjusted for factors specific to the asset or liability. Level 2 fair values of other risk management assets and liabilities and long-term debt are determined using observable inputs other than unadjusted quoted prices, such as interest rate yield curves.

The Class A and Class B limited partnership units are carried at amortized cost, calculated using the effective interest method, which approximates fair value. The effective interest rate of 8.5% (December 31, 2019 - 8.5%) is defined in the Newfoundland and Labrador Development Agreement as Emera NL's rate of return on equity, and is equal to the rate approved by the Newfoundland and Labrador Board of Commissioners of Public Utilities for privately-owned regulated electrical utilities. Due to the unobservable nature of the effective interest rate and resulting discounted cash flows associated with the units, the instruments have been classified as Level 3.

The table below sets forth a summary of changes in fair value of the Partnership's Level 3 financial liabilities given a one percent change in the discount rate while holding other variables constant:

<i>(thousands of Canadian dollars)</i>	1% increase in discount rate	1% decrease in discount rate
Class A limited partnership units	(29,767)	28,467
Class B limited partnership units	(29,203)	28,030
Total	(58,970)	56,497

12. RELATED PARTY TRANSACTIONS

LIL LP enters into various transactions with its partner and other affiliates. These transactions occur within the normal course of operations and are measured at the exchange amount, which is the amount of consideration agreed to by the related parties. Related parties with which LIL LP transacts are as follows:

Related Party	Relationship
LIL Holdco	Limited Partner holding 75 Class A limited partnership units of LIL LP
Emera NL	Limited Partner holding 25 Class B limited partnership units of LIL LP
Nalcor	100% shareholder of LIL Holdco
Hydro	Wholly-owned subsidiary of Nalcor
Labrador Transmission Corporation (Labrador Transco)	Wholly-owned subsidiary of Nalcor
LIL GP	Wholly-owned subsidiary of Nalcor, general partner of LIL LP
LIL Opco	Wholly-owned subsidiary of Nalcor
Lower Churchill Management Corporation (LCMC)	Wholly-owned subsidiary of Nalcor
Muskkrat Falls Corporation (Muskkrat Falls)	Wholly-owned subsidiary of Nalcor

Routine operating transactions with related parties are settled at prevailing market prices under normal trade terms.

- (a) As at September 30, 2020, LIL LP has related party payables totaling \$7.5 million (December 31, 2019 - \$11.9 million) with Nalcor, LCMC and Muskkrat Falls. These payables consist of various intercompany operating and construction costs. As at September 30, 2020, LIL LP has related party receivables totaling \$0.6 million (December 31, 2019 - \$nil) with Labrador Transco.

13. COMMITMENTS AND CONTINGENCIES

- (a) The Partnership is required to make mandatory distributions in accordance with the Partnership Agreement. The amount of periodic distributions will be determined by the General Partner and will commence following commissioning of the LIL.

LABRADOR - ISLAND LINK LIMITED PARTNERSHIP
NOTES TO CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (Unaudited)

- (b) As part of the LIL PFA, the Partnership has pledged its current and future assets as security to the Collateral Agent. Under the terms and conditions of the IT PFA the Partnership has also provided a guarantee of the IT's payment obligations to the Collateral Agent for the benefit of the LIL Funding Trust.
- (c) LIL LP has entered into the LIL Lease Agreement and the TFA with LIL Opco and Hydro, whereby LIL LP has committed to design and construct the LIL and LIL Opco will operate and maintain the LIL at commissioning and provide such other services as agreed to ensure safe and reliable transmission of electricity. During 2018, LIL LP also entered into the Interim Transmission Funding Agreement with Hydro, whereby LIL LP will operate and maintain the LIL during the commissioning period and provide such services as agreed to ensure safe and reliable transmission of electricity.
- (d) LIL LP is subject to legal proceedings in the normal course of business. Although the outcome of such actions cannot be predicted with certainty, Management currently believes LIL LP's exposure to such claims and litigation, to the extent not covered by insurance policies or otherwise provided for will not materially affect its financial position.
- (e) Outstanding commitments for capital projects total approximately \$22.0 million as at September 30, 2020 (December 31, 2019 - \$11.3 million).
